Webinar Description: John Baumann shares his insights to caregivers from the perspective of a person affected by the disease. His powerful story will provide caregivers with insight into what their loved one may be experiencing. This can allow caregivers to then provide more empathy and encouragement to their loved one to have an amazing life in spite of the disease.

About John: As unbelievable as this sounds, John M. Baumann arguably has achieved more *since* being diagnosed with Parkinson's disease in 2002. This is a bold statement considering that he graduated *summa cum laude* from the University of Massachusetts and received his juris

doctorate from Cornell law school; passed the bars and practiced law for Exxon in Texas, Louisiana and New Jersey; and became the General Counsel of a Nasdaq-listed steel processing company.

From being diagnosed at 41 years old until 2008, John continued to work full-time as an attorney including orchestrating the sale of the steel company for in excess of 500 million dollars. Since starting a part-time law practice in 2008, John has been a commentator on CNN HEADLINE NEWS, PRIME TIME, become a renowned inspirational speaker, become an author, and joined the faculty of the University of Louisville, College of Business. His inspiring presentations and workshops help real people learn how to embrace life-changing adversity (www.EmbraceAdversity.com) and live life to the fullest.

John has become a living example of what embracing life-changing adversity via exercise, healthy living, a positive attitude and a team approach can do. (<http://www.youtube.com/watch?v=Ikk9wCdRBQI>).

Along with writing his own book, **DECIDE SUCCESS: Twelve Action Steps – You Ain't Dead Yet**, John contributed to *Roadmap to Success*, along with Dr. Ken Blanchard and Deepak Chopra.

John is Chair Emeritus of the Make-A-Wish Foundation Board of Directors, Kentucky and Chair of Moving Day Phoenix benefiting the National Parkinson Foundation. John has embraced being a caregiver, or as he likes to refer to "icare partner" to his daughter (who has flourished despite being born with life threatening birth defects and cerebral palsy).

Webinar Format: You may participate in one of two ways:

1. The **first** viewing method is via access through the internet. You can view the presentation on your computer and listen via your computer speakers or USB headset connected to your computer.
2. The **second** option would use the internet and a telephone connection, or just the telephone. **Please note: If you use this second option, you may need to pay applicable phone charges from your telephone carrier.**
